AIR-serv

CHEMICAL
PRODUCT RANGE

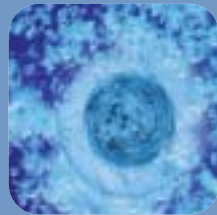

WORKSHOPS MULTI PURPOSE CLEANING VALETING TRAFFIC FILM REMOVERS JET WASH

Welcome to AIR-serv Chemicals Division, the name that has the cleaner solution. Whether you're a fuel service station operator, a fleet user or a valet you will find everything you need for vehicle cleaning, maintenance and service.

AIR-serv

Who we are

AIR-serv chemicals division is part of AIR-serv, the UK's leading supplier of garage forecourt equipment. Founded in 1981, AIR-serv has a reputation for manufacturing and supplying high quality, state of the art equipment to many of the major oil companies.

We are perhaps less well known for our chemical supply, which is something we aim to change. From our factory near Wigan, Lancs, we have now been manufacturing and supplying chemicals for more than 20 years. We offer a broad product range and supply to a diverse customer base that includes petrol filling stations, commercial fleet operators, food factories to name but a few.

Our commitment

As a manufacturer, we are able to develop and tailor our products to the specific requirements of our customers and because we use our products in our extensive network of car wash machines you can be absolutely sure that the quality of our products is second to none. We are also convinced that our products are extremely competitively priced and offer the best value for money in the market place today.

Common questions and answers

How much?

All of our products are competitively priced with discounts available for high volume users.

Which product?

If you are unsure which product to order our dedicated sales team are happy to advise you on the correct product for your requirements.

Health and safety

Health and Safety Data Sheets are available for all our product range upon request.

What's the delivery time?

Using our nationwide network of couriers we are able to offer prompt delivery throughout the UK and in the event that your requirements are urgent we offer a priority next day service.
